

BLINN TEAM

BIG SCHOOL, SMALL PRICE

TEAM students pay tuition and fees at both schools, but take advantage of lower costs for the courses that are taken at Blinn. The program saves students money and reduces student debt.

THE FULL CAMPUS EXPERIENCE

Students can participate in all TAMU activities with the exception of Division I sports, including sorority and fraternity recruitment. Getting involved is easy when the choices – all 1,100+ of them – are this diverse.

AN AGGIELAND TO CALL HOME

Blinn TEAM students are eligible to apply for on-campus housing. Texas A&M is committed to housing as many freshmen students as possible.

BEST OF BOTH WORLDS

“ I won’t lie. I was disappointed when I received a Blinn TEAM admission to A&M, but I didn’t let that stop me from coming to my **dream school**. As apprehensive as I was about the program beforehand, I quickly began to enjoy the **educational and financial benefits** of the program. I decided to take my core classes at Blinn and I appreciated the **smaller class size**. Some of my friends were taking the same class at A&M with over 200 other students in their same section. Additionally, I am only having to pay a fraction of the cost for the exact same classes. I am pleased with the Blinn TEAM program and do **highly recommend** those who receive a TEAM admission to give the program a shot before passing up the opportunity to attend A&M like I almost did.
